Media Intern - Spring 2020

Technology for Global Security (T4GS) is looking to hire a Media Intern to assist with website development and maintenance, designing materials for promotion and publications, drafting posts for social media platforms, and facilitating virtual events. We are seeking applicants with a background in media studies, design, advertising, and marketing, and an interest in foreign affairs, national security, cybersecurity, and/or emerging technologies is preferred. Interns will have the opportunity to collaborate virtually with T4GS analysts and affiliated experts and contribute to projects related to maintaining democracy in the digital age, reducing the risk of nuclear conflict, and mitigating the impact of pandemics and novel technologies on vulnerable populations.

Compensation will be commensurate with experience and responsibilities. Applicants from a variety of backgrounds are encouraged to apply, including communications, journalism, design, computer science, and marketing majors, as well as non-traditional career paths. Please submit a resume, unofficial transcript, and work sample/portfolio if available to info@tech4gs.org no later than April 21, 2020.

Requirements:
- 3.0 GPA or higher.
- Flexible schedule for remote work.
- Strong organizational skills: ability to prioritize, multitask, solve problems creatively, and work under tight deadlines.
- Self-starter with the ability to work independently as well as with a small team.
- Knowledge of LiveStreaming across social platforms.

Preferred
- Access to and experience with graphic design software.
- Experience with multiple social media platforms, particularly Twitter and LinkedIn.
- Experience with virtual events, including live streaming software and requirements.
- Portfolio of previous work.
- Interest in the intersection of technology and security.
